Bio Fresh Professional | Hydro Breeze | No Frost | Duo Cooling | Infinity Spring | Light Tower | Touch & Swipe Display | Ice Maker | Soft System | Soft Telescopic Rails | Vario Space | Super Silent

178

Energy consumption (kWh/yr) / Star rating	**181 / 5.5**
Total volume	**246 l** [1]
Volume	BioFresh compartment: **70.7 l** / Freezer compartment: **70.9 l**
Noise output	**34 dB(A)**
Climate rating	**SN-T (+10 °C to +43 °C)**
Frequency / voltage	**50-60 Hz / 220-240 V~**
Connection Rating	**1.4 A 183 W**
Aperture dimensions in cm (h / w / d)	**177.2-178.8/ 56-57 / min. 55**
Controls	
Type of Control	2.4" TFT-colour display, touch- & swipe
Door alarm	visual and acoustic
Alarm in case of malfunction	visual and acoustic
Fridge compartment	
Forced air system	PowerCooling with Ambilight and FreshAir activated charcoal filter
Door interior	adjustable egg tray
Bottle shelf	Integrated bottle shelf
Interior light	LED light column on both sides LED BioFresh lighting
Water dispenser	InfinitySpring, flush mounted internal water dispenser
Freezer compartment	
Star coding	****
Interior light	LED lighting
IceMaker	with fixed 3/4" water connection, LED lighting
Ice cube capacity in 24 hours	1.2 kg
Ice cube stock	5.0 kg
Freezing capacity in 24 hours	6 kg
Temperature rise time	9 h
Features	
Replaceable door seal	yes
EAN-Nr.	4016803166139

[1] In accordance with Regulation EU 2019/2016 we indicate the total volume to the nearest integer (rounded off) and the volume of the frozen compartments and refrigeration compartments to one place after the decimal point.

Features

BioFresh Professional

The BioFresh Professional safe gives food an additional boost of freshness for a long shelf life – wow effect included: Thanks to HydroBreeze a cold mist covers fruit and vegetables like a protective balm. In combination with a temperature just above 0 °C and high humidity, unpackaged fruits and vegetables feel right at home.

BioFresh with HydroBreeze

Do you want to cool fruit and vegetables like professionals? You'll be inspired by HydroBreeze. The cold mist combined with a temperature in the safe of just over 0 °C gives food that extra boost for longer shelf life. And it creates a genuine visual wow effect. HydroBreeze is activated every 90 minutes for 4 seconds and for 8 seconds when the door is opened.

NoFrost

When you open your freezer, you want to see frozen food – and certainly not ice and frost. NoFrost protects the freezer compartment from unwanted icing, which consumes a lot of energy and can be expensive. NoFrost means no more tedious and time-consuming defrosting of the freezer compartment, more time for other things – and saving money.

DuoCooling

DuoCooling uses two completely separate refrigeration circuits to ensure no air is exchanged between the fridge and freezer compartments. The food neither dries out nor is odour transferred. This means throwing less away, shopping less often, but saving more and greater enjoyment.

InfinitySpring

A source of fresh, cool drinking water in your kitchen. InfinitySpring sounds like something from a fairy tale. The water dispenser enables drip-free water dispensing and provides fresh, cold water. Simply press the panel with the carafe or glass, and enjoy the water. This enables you to save on purchasing bottles of water and to live more sustainably.

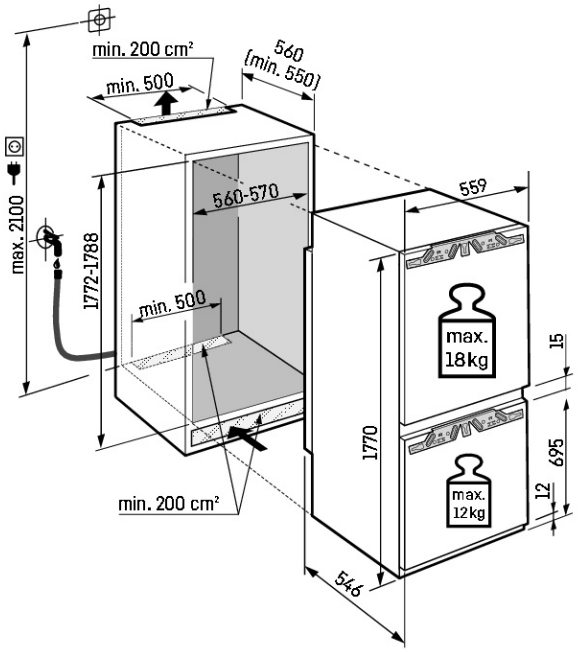

Ambient lighting

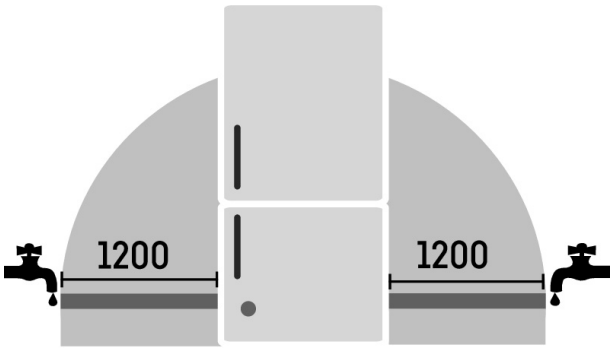

Our ambient lighting brings a special design touch to your refrigerator. The all-around lighting produces unique effects in the interior, enhancing the overall atmosphere. Paired with the SmartSteel-designed rear wall and the sleek black high-gloss fan, it creates a captivating and ambient space.

The overview represents an excerpt of the most important appliance features. All other features of the appliance and further information are available at home.liebherr.com.
