BR550, BR552 // SILENT Multi-Purpose Exhaust Fan

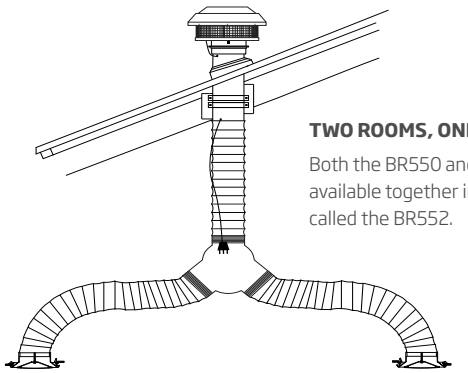

Bathroom
Toilet
Pantry
Laundry
Garage
Cellar

Ideal for every household, this unit can be installed and vented into two rooms – by utilising the optional DVK550 kit. With silent operation, your bathroom and laundry will stay fresh and odour-free.

The revolution starts with the silent Ecodrive motor and fan which is recognised as the quietest, most efficient and highest-powered domestic extraction unit available today. However, even the quietest motors and fans on the market still generate noise. Using Schweigen's renowned concept of placing the motors externally on your roof or eaves, you can easily achieve silent operation of all household extraction units.

TWO ROOMS, ONE MOTOR OPTION

Both the BR550 and DVK550 are now available together in one convenient bundle called the BR552.
