

NAUM-9, NAUM-9B // 90cm // ON-BOARD MOTORED UNDERMOUNT RANGEHOOD

This minimalist undermount rangehood will suit a variety of kitchens by continuing the line of cabinets across the cooktop area. Aside from seamless cabinetry integration, this model also features 3 convenient speed levels and 2 LED strip lights for independent cook-space illumination.

Architects and kitchen designers find this a versatile and effective model when externally motored units are not practical.
