KEY FEATURES

Green Energy Motor
Our revolutionary technology paired with advanced engineering generates greater air movement with less fan movement, creating a superior cooking environment.

Powerful Airflow
With impressive airflow and control, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen. Conveniently controlled with 4 speed settings.

Strip Lighting
Illuminate your cooking environment with strip lighting. This style of lighting improves visibility over your work area as the strip of lights provide more even lighting, is brighter and is fixed along the length of the rangehood. This style of lighting is not only stylish but practical.

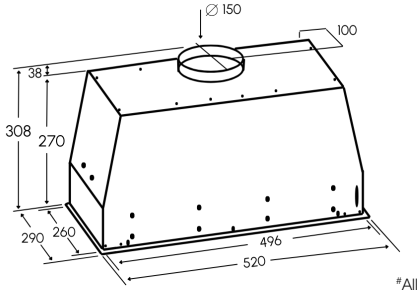

Mesh Filters
Our mesh filters are made to ensure superior durability and filtration performance. Trapping grease, oils, smoke and odours during cooking, their design also helps reduce possible fire hazards. Eco-friendly, cost-effective, easy to install and easy to clean in the dishwasher.

Slimline Design
Seamlessly hiding away in your kitchen cabinet make with a powerful extraction to remove steam, smoke, odours and grease. It's the perfect design for any kitchen design without compromising on functionality or style.

European Made Motor
Partnering with the best European motor manufacturers to create the ultimate range of motors that provide the maximum in performance without the noise, that are specifically designed for the Australian home.
